RIGHT VIEW

Scale 1:10; looking at the right side (along -X)

WHERE IT GOES

This part in colour, its neighbours in grey

HOW TO MAKE IT AND HOW IT FITS

Cut two 1,150 mm lengths of 30 x 30 x 3 angle; both are the same.
Upright leg: a 9 mm hole 13 from each end, 17 above the lower edge.
Fit: the upright leg lies on the outer face of the two legs' outward legs, 200 above the ground, the other leg pointing away from the box; one M8 bolt each end. South member at the south legs, north member at the north legs.
Check: both holes line up with the leg holes at the same time.
